Signed:

Winterization of vessel includes the following:

1. Required amount of non-toxic antifreeze run through engine(s), freshwater system including water tank, holding tank, sump pumps, dockside water connections, water heater, air conditioning, and ice maker
2. Fuel stabilizer added to fuel tanks if requested (Yamaha outboards will have a mixture of aviation grade fuel and fogging oil ran through the fuel system)
3. General vessel inspection including, batteries, bilge pumps, and transducer.

Customer is responsible to perform the following prior to PYC beginning work:

1. Pump out and flush holding tank *PYC will not be responsible for any waste left in holding tank.
 **PYC does not provide pump out service
2. Empty refrigerators, remove perishables, and valuables *PYC will not be responsible for items left
3. Top off fuel tanks

Please check off the services you would like PYC to perform below:
